

# POSITION DESCRIPTION

**POSITION TITLE:** Full-stack Developer

**LOCATION:** MALAYSIA  PHILIPPINES  VIETNAM

## ASW COMPANY OVERVIEW

AS White Global (ASW) is an Australian owned company with offices in Sydney, Vietnam, the Philippines, and Malaysia. We are specialists in unified offshore staffing solutions and have been working in Southeast Asia for the past decade. Our ASW employees are part of our very special ASW family and culture, but also integrate into our client's brand and team – effectively you get two work families!

Working in our local ASW company culture means you will develop strong friendships and great support networks. You will be part of a positive and engaged environment, participate in team and company events, and have access to global training and development opportunities. In addition, you will get exposure working with our international clients and build on your existing skill sets.

## CLIENT OVERVIEW

Another opportunity has come up to join one of our partners, a Fortune 500 company and global supplier of paints, coatings, optical products, and specialty materials founded in 1883, as a **Full Stack Developer!**

## CLIENT POSITION DESCRIPTION

In this role, you ought to have the ability to build the digital assets from conception to completion, and also maintain and modify existing websites and databases.

## Key Responsibilities

- Work closely with both the design, project, and agency teams to achieve the best possible results from conception right through to delivery.
- Provide timely resolution to reported problems with existing assets.
- Create website layout/user interface by using a mix of PHP programming, MySQL, HTML 5, CSS, and JavaScript (jQuery, etc) and full-stack development.
- Build websites, prototypes, and applications using the latest back-end technologies.
- Write well-designed, testable, efficient code by using best software development practices.
- Integrate data from various back-end services and databases.
- Responsible for maintaining, expanding, and scaling client sites.
- Ensuring all work adheres to current industry best practices.

## Skills, Experience & Qualifications

- Experience with various codes such as PHP programming, MySQL, HTML 5, CSS, and JavaScript.
- Experience with Azure or Azure DevOps.
- Extensive knowledge in building CMS websites.
- Deep knowledge of integrations to CRM, DAM, PIM, and other third-party integrations.
- Good understanding of cross-platform and cross-browser issues.
- Extensive in using API's.

# POSITION DESCRIPTION

- Ability to take creative direction and handle constructive feedback.
- Attention to detail.
- Committed, enthusiastic, and resilient at work.

## ASW Offer

- We are experts in **offshoring** partnerships. This means that you will be a trusted member of the ASW family, and get access to our great benefits, plus you also get to work directly with *one of* clients.
- In our unique English-speaking environment, you can practice and enhance your English with peers and international client teams based in either Australia, UK, US or NZ.
- Get global access to Learning & Development programs.
- Great work-life balance.
- Competitive remuneration.
- Excellent medical benefits.
- Great Paid Leave entitlements.
- Company parties/events, future travel opportunities and other exciting activities.
- Ongoing career opportunities.
