

POSITION DESCRIPTION

POSITION TITLE: Senior Software Engineer (.NET)

LOCATION: MALAYSIA PHILIPPINES VIETNAM

ASW COMPANY OVERVIEW

AS White Global (ASW) is an Australian owned company with offices in Sydney, Vietnam, the Philippines, and Malaysia. We are specialists in unified offshore staffing solutions and have been working in Southeast Asia for the past decade. Our ASW employees are part of our very special ASW family and culture, but also integrate into our client's brand and team – effectively you get two work families!

Working in our local ASW company culture means you will develop strong friendships and great support networks. You will be part of a positive and engaged environment, participate in team and company events, and have access to global training and development opportunities. In addition, you will get exposure working with our international clients and build on your existing skill sets.

CLIENT OVERVIEW

Our client is a leading supplier of progressive document management and workflow software, enabling businesses in Australia and New Zealand to manage electronic files and team workflow in a streamlined, productive solution.

Their technology stack in used:

1/ Languages:

- C#
- TypeScript
- SQL

2/ Frameworks & Libraries:

- ASP.NET
- Angular
- Razor
- Entity Framework
- .NET
- Docker

3/ Other Applications:

- OfficeTech Version 5
- OfficeTechNow
- Atlassian JIRA
- Atlassian Confluence

POSITION DESCRIPTION

- Microsoft Office Suite
- Slack

Currently they are looking for a Senior Software Engineer (.NET) who involves and encompasses, but is not limited to the following areas:

- Company Product Development
- Bespoke product development
- Management of the Software Development log
- Involvement in all development matters
- Ideas and improvements to software processes and utilities

CLIENT POSITION DESCRIPTION

The role is to develop and enhance the company's product document management system. The key responsibilities are:

1/ Software Development

- Work with the team to develop the browser based on the current development schedule
- Maintain and improve the current software
- Testing to ensure robust functionality and optimization
- Regression test and create test cases where applicable, to ensure quality control of the end product delivered to client
- Maintain and update all software logs and design changes
- Follow the set procedures for the implementation of any products or services supplied by the company
- Produce and maintain technical documentation for all the current and new software development
- Research and troubleshoot software and development issues and work with the team to provide solutions
- Propose improvements to the product for discussion with the team

2/ Client Services

- Whilst the developer will not deal directly with clients from a support perspective, client issues take priority
- The Developer will use their best endeavors to assist, support and trouble shoot problems found in client systems that pertain to the operation of the product performance
- The Developer will not open or cause to open or action any client server or system without the express permission of both the client and our Technical Project Manager or Azure Specialist

3/ General

- Offer support and assistance to the development and support teams where possible
- Support the management of client queries on a technical level only
- Prepare relevant meeting material for the stakeholders as required

Experience & Qualifications

- Demonstrated proficiency with programming languages C# .NET

POSITION DESCRIPTION

- 5+ years experience in web and software development
- Ability to communicate clearly in English, both verbally and in writing
- Experience in the JIRA software management and tracking tool
- Experience in the Confluence collaboration & content management tool
- Demonstrated understanding of Project delivery from both the client and the business perspective

ASW Offers

- Competitive remuneration
- We are experts in **Offshoring** partnerships. This means that you will be a trusted member of the ASW family, and get access to our great benefits, plus you also get to work directly with ONE of our clients as a part of their international team from the US, UK, Canada, Australia, New Zealand, and much more.
- Personal Insurance Package for employee and 1 family member of choice
- Great Paid Leave entitlements
- Free LinkedIn learning & Coursera account
- Stocked fridges and pantries - free coffee, cold beverages, snacks
- Our own ASW Toastmasters Club - perfect your English!
- A diverse, inclusive and supportive company culture
- Exposure to an international environment, working with people across Malaysia, Vietnam, and Australia
- Opportunity to collaborate and work with global clients and stakeholders
- Team outings, travel abroad opportunities, company parties/events, and other exciting activities
- Industry and role-related training
- Overtime is rarely required
- Ongoing career opportunities
