

POSITION DESCRIPTION

POSITION TITLE: Microsoft .NET Engineer

LOCATION: MALAYSIA PHILIPPINES VIETNAM

ASW COMPANY OVERVIEW

AS White Global (ASW) is an Australian owned company with offices in Sydney, Vietnam, the Philippines, and Malaysia. We are specialists in unified offshore staffing solutions and have been working in Southeast Asia for the past decade. Our ASW employees are part of our very special ASW family and culture, but also integrate into our client's brand and team – effectively you get two work families!

Working in our local ASW company culture means you will develop strong friendships and great support networks. You will be part of a positive and engaged environment, participate in team and company events, and have access to global training and development opportunities. In addition, you will get exposure working with our international clients and build on your existing skill sets.

CLIENT OVERVIEW

Our partner is an Australia-based music rights management organization. They pay royalties to music creators when that music is played or copied, both locally and overseas.

Over 111,000 songwriters, composers and music publishers appoint our partner to look after certain rights on their behalf.

Their Business Services Delivery department is actively focused on building web and mobile applications for our next-generation SaaS platform. Currently, they are looking for a **Microsoft .NET Engineer**. to join the software engineering team to create modern digital software products. The team uses cutting-edge technologies to build high performing, scalable cloud-based solutions in a safe, secure, and agile fashion.

CLIENT POSITION DESCRIPTION

Key Responsibilities

- Responsible for working alongside internal BAs, Project Managers/Scrum Masters and Product Owners to deliver project and business as usual enhancements to the operational CRM platform.
- Engage with senior stakeholders, conduct workshops and ability to integrate requirements in line with best practice of the MS Dynamics CRM system.

Experience & Qualifications

- BS Computer Science or equivalent experience required
- Hands-on experience using .Net; .Net Core; ASP.Net web forms; Winforms; web services; SQL; C#; APIs; JavaScript
- Familiar with Agile practices and ways of working
- Familiar with custom CRM forms and flows
- Experience with version and source control systems

POSITION DESCRIPTION

- Strong client-facing skills, ability to operate in a fast paced, Agile environment performing a DevOps function which delivers enhanced functionality as the business evolves and ensures stability and fault resolution of the existing operational system
- Right creativity and passion, with strong proven analytical and problem-solving abilities
- Be eager to learn new technologies
- Attention to details
- The ability to present ideas in user-friendly language
- Experience working in a team-oriented, collaborative environment

ASW Offers

- Competitive remuneration
- We are experts in **Offshoring** partnerships. This means that you will be a trusted member of the ASW family, and get access to our great benefits, plus you also get to work directly with ONE of our clients as a part of their international team from the US, UK, Canada, Australia, New Zealand, and much more.
- Premium Personal Insurance Package
- Great Paid Leave entitlements
- Free LinkedIn learning & Coursera account
- Stocked fridges and pantries - free coffee, cold beverages, snacks
- Our own ASW Toastmasters Club - perfect your English!
- A diverse, inclusive and supportive company culture
- Exposure to an international environment, working with people across Malaysia, Vietnam, and Australia
- Opportunity to collaborate and work with global clients and stakeholders
- Team outings, travel abroad opportunities, company parties/events, and other exciting activities
- Industry and role-related training
- Overtime is rarely required
- Ongoing career opportunities
