ASW COMPANY OVERVIEW

ASW is creating the world's most talented international family through hiring and growing talent into long-term careers with Australian companies. ASW is a recruitment and talent specialist, that partners with Australian companies to help them build highly capable international teams. We enable Australian companies to meet their business goals by accessing and retaining premium talent in emerging markets and giving that talent the opportunity to grow, learn and develop. Together we embed international teams into respected Australian businesses, both functionally and culturally, to deliver enduring and transparent people solutions.

THE OPPORTUNITY

AS White Global is hiring a QC Engineer (Mid-level) for one of Australia's most respected global insurance service provider. Our client is a leading insurance group that has been managing workers' insurance and injured workers' compensation claims in Australia for 100 years. Currently, they are looking for a QC Engineer who has a passion for quality and logical thinking to achieve new success with their team.

KEY RESPONSIBILITIES

- Design Manual or Automation test cases and execute them (including UI, Functional, Performance, Security, etc.) with minimal support/review from the superiors.
- Analyzing clients' requirements and expectations
- Solid experience in designing and implementing test cases
- Hands-on with the manual or automated testing tool (Selenium), code implementation
- Team collaboration and communication

SKILLS, EXPERIENCE & QUALIFICATION

- At least 2+ years of experience in a testing position.
- Knowledge of Selenium or Appium automation testing tool
- Programming language skill: C#
- Good at English communication and self confident
- Ability to learn quickly with good critical thinking
- Knowledge of testing management tools: Jira
